

Gespage Mobile Print Module

Gespage Mobile is the remote printing module of the Gespage suite, designed to simplify and secure printing in mobile and connected environments. Fully integrated into the Gespage ecosystem and its cloud version Gespage Stratus, it allows users to print from any device (smartphone, tablet, PC) without any driver installation or technical constraints.

Email submission

Mobile application

How the solution works

Gespage Mobile is based on a simple and efficient architecture, enabling print jobs to be triggered from any terminal, without local dependencies.

Users can submit their documents in several ways:

- ✓ Via the Gespage mobile app (iOS / Android)
- ✓ Via a secure web interface
- ✓ Or by email with an attachment to a dedicated address

Authentication is secured and allows each print job to be associated with a user, an account, or a credit.

Printer selection is simplified, notably via QR code scan directly on MFP devices, ensuring a fast and error-free experience.

Once the document is sent, the user can define print settings (format, color, duplex, number of copies) before validation

Key benefits

- ✓ Reduction of IT requests (**no driver**, no local configuration)
- ✓ Seamless experience for mobile or visiting users
- ✓ Possibility to set up monetised self-service printing
- ✓ Compatibility with PostScript printers

The screenshot displays the Gespage user interface with the following components:

- Header:** Gespage logo, a menu icon, and the user name 'jdoe' with a 'Déconnexion' (Logout) link.
- Tableau de bord (Dashboard):** A sidebar with links for 'Imprimer', 'Ajouter du crédit', and 'Historique'.
- Mon impact (My Impact):** Three green cards showing '0 Arbres sauvés', '0.56 L Eau préservée', and 'Top 1 Score vert'.
- Mon compte (My Account):** User details (Identifiant: jdoe, Nom: John Doe, Email: JohnDoe@gmail.com, Code d'impression: 78951) and a 'Solde' (Balance) card showing 265.00 € (115.00 € pour la couleur).
- Ma distribution (My Distribution):** A donut chart showing 'Impressions : 11', 'Copies : 0', and 'Scans : 7'.
- Mes news (My News):** A section titled 'Gespage dans la poche' featuring a smartphone app interface and download buttons for the App Store and Google Play.
- Mon évolution (My Evolution):** A line graph showing a sharp peak in activity around 04-06-2023.

The interface is customisable The interface can be customised directly from the login page as well as on the

The Web interface can host A credit top-up service by bank card directly online — via Gespage Web Payment.

The login page features the University logo at the top. Below it is a text input field labeled 'Code d'impression'. A green 'Connexion' button is positioned below the field. Underneath the button, there is a link: 'Pas de compte ? Créez-en un.' At the bottom, a note reads: 'En vous connectant, vous reconnaissez avoir lu et accepté nos Termes et Conditions Générales.'

The credit top-up service interface shows two options: '10 EUR' (10.00 EUR Rechargés) and '15.5 EUR' (15.50 EUR Rechargés). Below these is a section for 'Termes et Conditions Générales' with a checked box for 'Accepter les Termes et Conditions'. The 'Montant à payer : 10 €' is displayed, followed by a note: 'Vous devez effectuer le paiement de votre recharge via la passerelle PayPal. Tous les moyens de paiement proposés par PayPal sont acceptés : carte bancaire (CB), compte PayPal, et autres options disponibles selon votre région.' A prominent orange 'PayPal' button is at the bottom.
