

## COPY SHOP MODULE

Module included in Gespage MFP licence

The copy shop module is an option of Gespage solution providing copy, print and scan in self-service. It is designed to improve the invoicing to crossing users in copy shops.

### Characteristics

#### Payment

Swipe your card.

User : card\_0BB8CFD2

Card Id 1	0BB8CFD2
A4 colour copies	2

<hr/>	
Session start	02 septembre 2015 10:21:44

- ✓ Management of the solution from a web interface.
- ✓ Self-service use of the copiers, printers and MFPs.
- ✓ Authentication of the users by contactless cards.
- ✓ Cards recorded with a credit are also available for regular users.
- ✓ Easier invoicing to crossing users.

# Functions

A card is issued to the user on his arrival

With this card, he can make copies, prints and scans on the whole fleet

The person in charge presents the card to his workstation which displays a usage summary

Once the services have been cashed, the card is reset and can be used again

Copy/Print/Scan

Filter

Start date: 10/1/15 End date: 10/6/15

Quick find: Enter a part of the name or of a property to find

Advanced filter

User name: [dropdown] Printer / Copier: [dropdown]

Name of department: [dropdown] Name of job: [dropdown]

User's computer: [dropdown]
