

## Embedded terminal for BROTHER MFP with the Gespape solution

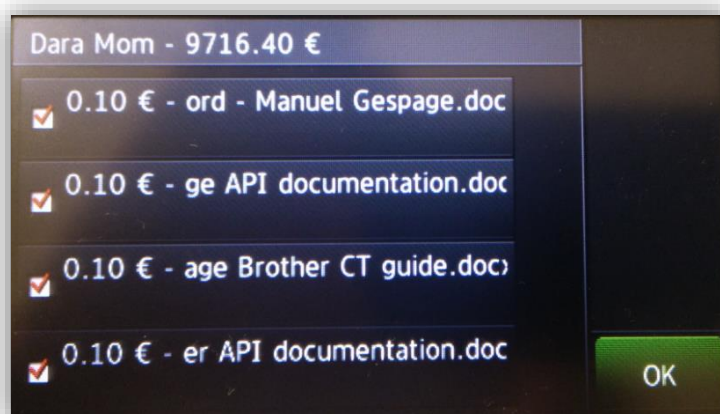

The **eTerminal-Brother** embedded terminal works with the Brother Multifunctions and enables the communication between the MFP and the **Gespape** server. Accessible from the touch screen of the Brother MFP, this software allows for access control, secured printing and user's identification by entering a code on the touch screen. This embedded terminal fully fits into the touch screen of the Brother Multifunctions.

### Scheme of a network configuration
